OBJECTIVE

As a fresher, I'm proficient in frontend development, specializing in frameworks like ReactJS for dynamic user interfaces and PHP for seamless backend integration. Additionally, I have experience as a Python developer, using Django for robust backend functionality. Experienced in version control systems like Git for efficient collaboration and code management, I am committed to leveraging my skills to create engaging and responsive frontend solutions while ensuring robust backend functionality and smooth deployment processes.

SKILLS

Programming Languages	Python, Javascript, Node, PHP, Java (Basic)
Web Technologies	HTML5, CSS3, Bootstrap
Frameworks	Django, ReactJS
Database	MySQL, MongoDB.
Tools	Figma, Adobe XD, Linux, Redux Basic
Concepts	OS, Networking, OOP, DBMS

PROJECTS

- **Helping Hands**: As a Frontend Developer for the Helping Hands Android application, I streamlined NGO operations by developing and maintaining the user interface using JavaScript and web development technologies. I collaborated with backend developers using PHP and MySQL to ensure seamless integration and responsiveness. My work involved translating UI/UX designs into functional interfaces and implementing mobile-friendly features.

- **FAST AND SMART AUTO CARE**:

  As a Frontend Developer for the Car Service Center Management System, I used Python Django, Bootstrap, MySQL, and JavaScript to build an integrated platform. I developed and maintained the user interface, ensuring responsiveness and an enhanced user experience. The system allows the center to manage services, appointments, vehicle status, and payments, while customers can browse services, schedule appointments, receive estimates, and make secure payments online.

EDUCATION

Master Of Computer Application, Dr. D Y Patil Institute of MCA Akurdi, Pune 7.49	2022 - 2024
Bachelor of Computer Application, Sangamner College 9.20	2018 - 2021

INTERESTS

- Full Stack Web Development

- Python Development

CERTIFICATIONS

- UI/UX Full Stack Web Development. Naresh IT, Hydrabad.

- Python For Data Science and AI Development. Coursera. 94.60

- Introduction to Cyberecurity Tools and Cyber Attacks, Coursera. 97.13

ACKNOWLEDGEMENT
